My Jupyter Notebook on IBM Watson Studio

August 19, 2022

Zakaria FAKHRI Phd researcher and data scientist

I'm interested in data science because I hope to use and contribute with it in my financial academic research

0.1 The below should print 'I am grateful to use jupyter notebook'

```
[7]: print("I am grateful to use jupyter notebook")
```

```
I am grateful to use jupyter notebook
```

0.2 Write an equation in center using latex

$$10 + 12 = 22$$

```
[9]: print(10+12)
```

```
22
```

```
[ ]:
```
